Remarks

Far from your standard raised ranch, this beautifully maintained home sits on 4.26 picturesque acres in Howell and has been thoughtfully transformed through decades of careful improvements. An impressive 8-foot entry door welcomes you inside, where a stunning 2007 addition added more than 800 square feet of finished living space across the main and walkout lower levels, creating the open-concept design and spacious feel that sets this home apart. Lovingly cared for by the same owners since 1990, the heart of the home is the completely remodeled kitchen (2023) featuring quartz countertops, tile backsplash, abundant cabinetry, newer appliances, and convenient outlets tucked inside select cabinets. Andersen windows, LED lighting, and solar tube skylights brighten the kitchen and remodeled main bath (2018), while thoughtful updates throughout reflect exceptional pride of ownership. Step from the dining area onto the new deck (2026) overlooking the peaceful pond-perfect for birdwatching, relaxing or entertaining. Additional improvements include a new well pump and piping (2026), generator transfer switch, motion-activated driveway lighting, hard-wired security camera, and central air conditioning to complement the home's efficient baseboard heat.
